FIRST AID

MENTAL HEALTH FIRST AID

No-Cost
Training

IDENTIFY. UNDERSTAND. RESPOND.

Just as CPR helps you assist an individual having a heart attack, Mental Health First Aid helps you assist someone experiencing a mental health or substance use-related crisis. In the Mental Health First Aid course, you learn risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help.

Who should be trained?

This is a special training session for all Law Enforcement and Community Supervision Personnel.
